FROM THE TEAM

Dear Leadership Stockton Supporter,

Since the first class in 1981-82 Leadership Stockton has produced 996 graduates in our community and we are excited to welcome the 43rd class this year. Each year a new cohort of emerging leaders grows their understanding of the community and their ability to be effectively engaged as citizen leaders. Our community has benefited greatly with all of the new leaders who are knowledgeable and committed to positive change. Employers have gained by increasing their visibility and by having their staff members apply new skills to the workplace, establish new and helpful business relationships, and engage more fully in the community.

Each year we continue to seek out opportunities to improve and enhance California's oldest and most successful community leadership program. We can only be successful with your help and continued support of Leadership Stockton.

As a Leadership Stockton graduate (LS Class of 2008) and former Program Director, I have seen the impact of this program first hand. Not just in the amazing annual community service projects, but in the people. So many graduates have used the things they learned and connections they have made to solve local problems, address issues, and fill needs in the community. I am so proud of all the alumni that continue to do the hard work and make a difference in our community. Being a successful leader is all about building up those around you. So I encourage you to support the Leadership Stockton program in any way you can. Be that through a monetary donation, or just the donation of your time and talent to the current class, alumni, and the community as a whole.

If you would like to give please see below for a sponsorship/donation form or to pay online with a credit card. I hope to see you all at a Leadership Stockton event this year.

Thank you for your continued support of the Leadership Stockton program.

Respectfully,

Timm Quinn

ABOUT LEADERSHIP STOCKTON

Leadership Stockton is a program designed to inspire a new generation of men, and women ready to assume leadership roles in our community. It challenges, and prepares individuals from diverse backgrounds to become influential in our region's future. Since its inception in 1981, almost 1,000 participants have graduated from the program.

Leadership Stockton has been moving and impactful to my life in more ways than I can describe. Its influence will continue to inspire me throughout my career and change the community one class at a time.
